

OZARK RESONATOR GUITARS

3515

3515E

New versions of a timeless classic, built to a high standard. Play one and hear that great steel sound!

Perfect for blues, rock, country or any combination of these styles. They have incredible projection and impeccable tone. They can be played with a slide or as a regular guitar for a sound that is unique and powerful.

3515 Ozark 'spider' resonator, wood body, plated fittings

3515E Electro-acoustic Ozark 'biscuit' resonator, wood body with single cutaway, matt black finish, plated fittings. 'Lipstick' style pick up with volume and tone control

3515N Ozark 'biscuit' resonator, nickel plated steel body
