

# ELECTRONIC TUNERS AND METRONOMES

8084

Violin and chromatic tuner in a compact, portable form

## 8084 Intelli Digital Violin Tuner

- ◆ Chromatic tuner (12 tempered scale) and dedicated violin tuner (perfect fifth)
- ◆ Calibration from A = 430 to 449 Hz with 1Hz step
- ◆ Easy-to-read wide screen LCD - acts like a real tuning meter, so you can see how sharp or flat your note is
- ◆ 3 coloured tuning guide LED
- ◆ Power source: Dry battery 2 x AAA (3 volts)
- ◆ Overall dimensions: 100 x 65.5 x 16mm

## 8085 Intelli Digital Metro Tuner + Thermo-Hygrometer

- ◆ Tempo range 40-126 BPM
  - ◆ Total of 3 tones: chime, drum, woodblock
  - ◆ Wide screen LCD meter with realistic pendulum motion
  - ◆ 2 colour LED displays strong/weak beat
- Digital auto tuner*
- ◆ Chromatic and guitar, for all types of instrument and voice
  - ◆ Built in mic for acoustic and input jack for electric instruments
  - ◆ Calibration: Pitch shift (A = 430-449Hz, 1Hz step) and 'Quadra flat tuning' (flattening 4 steps)
  - ◆ Display: 3 colour LED shows tuning, LCD meter scale shows how closely tuned

### *Thermometer / Hygrometer*

- ◆ Temperature range: -10°C to +60°C (+14°F to +140°F)
- ◆ Relative humidity range: 20%-90%
- ◆ Recording function: Memory for highest and lowest data
- ◆ Power source: DC 9V dry battery (6F22) or 9V AC adaptor
- ◆ Overall dimensions: 146 x 62 x 24mm

8085

- ## 8083 Intelli microphone for tuner. Clamp microphone, fits to all Intellituners for accurate and interference free sampling. Suitable for violin, guitar, brass and woodwind sampling
