- 7096 22 note, curved, key of 'G'
- 7097 22 note, curved, key of 'F'
- 7099 25 note, curved, key of 'D'

These unique instruments are an accurate reproduction of one of the earliest woodwind instruments known. Their expressive sound continues to fascinate musicians and composers as it has done through the centuries. Pan pipes feature in many examples of world music and are often used by South American musicians.

Generation Flageolets
