

# 'GOLDEN SPIRAL' GUT STRINGS AND ZYEX STRINGS

'Golden Spiral' violin strings are used by professional players all over the world. Their fine quality of sound makes them ideal for orchestral playing. The long experience of the Kaplan company, together with modern technology, ensures that these gut core strings are of the highest quality.

All wound strings and sets are supplied in straight lengths.

Peg End Identification for Golden Spiral strings:

- E = Green
- A = Black
- D = Yellow
- G = red
- C = violet

Zyex strings are made with a new composite fibre core, a by-product of the aerospace industry. This revolutionary new fibre means that recovery, tension loss and resistance to climatic change are all greatly improved. Zyex strings also have a shorter break-in time and a far longer playing life, a fact rapidly becoming appreciated by players and teachers everywhere.
